Overview

LCT International delivered a tailored Training the Trainer programme for ClearBank , aimed at strengthening the internal capability of professionals delivering training across the organisation. The two-day, in-person course focused on adult learning principles, engaging training delivery, and effective evaluation methods.

Challenges

Lack of Structured Training Approach

Trainers had limited frameworks to design and deliver sessions consistently.

Low Engagement in Internal Training

Sessions lacked interactive methods to keep learners actively involved.

Limited Evaluation of Training Impact

There was no clear method to assess training effectiveness or ROI.

Course Outcomes

Improved Training Design Skills

Delegates learned how to create structured, outcomes-driven training sessions tailored to adult learning principles.

Enhanced Delivery Confidence

Trainers gained practical skills in presentation, use of visual aids, and facilitation techniques to boost clarity and authority.

Greater Learner Engagement

The use of experiential and active-learning methods enabled more dynamic, participative sessions that improved knowledge retention.

Robust Evaluation Techniques

ClearBank now applies practical methods, including the four-level model, to measure training effectiveness and ensure return on investment.

Focus On Quality

LCT International is accredited by the British Accreditation Council. This accreditation means that LCT International has chosen to seek external accreditation and receive a review on its processes to demonstrate that it is a high-quality organisation.

In order to achieve BAC accreditation, the institution has to demonstrate that it meets BAC's rigorous standards in four inspection areas:

- ✓ Management
- ✓ Teaching
- ✓ Welfare
- ✓ Facilities

Client Satisfaction

We have built our reputation on the cornerstone of excellent customer service and top-quality training consultants, all of whom have extensive experience in their respective fields.

The result is extremely high levels of client satisfaction.

We emphasise the practical element of our delegates' learning experience: we take time to show them how to apply theoretical management concepts to real life scenarios, allowing them to utilise the tools and techniques learnt with their respective work scenarios.
