

# MINISTRY OF HEALTH

## Course Name

Healthcare Systems for Obstetricians and Maternity Practitioners

## CASE STUDY

Ministry Of Health – Client located In the Far East

## About LCT

LCT International is recognised as a leading, global provider of BAC and CPD accredited training.

We are delighted and proud to announce we have recently achieved Provider of Training Excellence Status

## Training Approach

### Interactive Learning

Case studies with real life application

### Leadership Focus

Strengthening decision making and collaboration

### Practical Application

Context specific examples and workshops

## Overview

Tailored training for a Ministry of Health client based in the Far East. This training aimed to strengthening obstetricians and maternity practitioners' understanding of healthcare systems, governance, policy alignment, and service integration for nationwide integration.

## Challenges

### Service Gaps

Providing solutions for bridging gaps across process continuity, service targets and patient experience.

### Policy Alignment

Focusing on the application of tools to ensure alignment between clinical practice and service standards and governance .

### Workforce Pressures

How to mitigate for staff shortages and skill gaps which place strain on delivery quality.

## Course Outcomes

### Outcomes

#### Improved Alignment

Clinical practice aligned with national health strategies.

#### Integrated Services

Better coordination across maternity care pathways.

#### Skilled Workforce

Enhanced skills supporting safe, effective care.

#### Informed Decisions

Data-driven decisions improving maternal health outcomes.

## Focus On Quality

LCT International is accredited by the British Accreditation Council. This accreditation means that LCT International has chosen to seek external accreditation and receive a review of its processes to demonstrate that it is a high-quality organisation.

In order to achieve BAC accreditation, the institution has to demonstrate that it meets BAC's rigorous standards in four inspection areas:

- ✓ Management
- ✓ Teaching
- ✓ Welfare
- ✓ Facilities

## Client Satisfaction

We have built our reputation on the cornerstone of excellent customer service and top-quality training consultants, all of whom have extensive experience in their respective fields.

The result is extremely high levels of client satisfaction.

*“Excellent training, the expert trainers took the time to show us how to apply theoretical management concepts to real life scenarios, allowing us to utilise the tools and techniques we learnt in real life health care & maternity scenarios.”*
